

Please plan to join the SVTMA for a Roundtable Discussion

Date: Thursday, July 17, 2008

Helen Kane will lead a round table discussion on FAS 157 and FAS 161 as it relates to foreign exchange

Discussion areas:

As a recognized leader in accounting for foreign exchange and derivative related transactions, Helen will lead a round table discussion on FAS 157 as it relates to foreign exchange. Additionally, she will provide a preview of FAS 161, which sets forth guidance for derivatives disclosure. This topic will differ from the FAS 133(r) discussion she is leading at the PTMA the week before, and by attending both sessions, practitioners can obtain a very well rounded overview of the latest requirements in the world of derivative accounting.

Helen Kane - Founder and President, Hedge Trackers, LLC.

Helen has personally worked with over 200 corporations and financial institutions to establish FAS 133 compliant hedging programs, and as both a FAS 52 and FAS 133 specialist Helen advises clients on derivative hedging programs, both the strategy and related accounting. Prior to founding Hedge Trackers in 2000, she led Deloitte & Touche's Silicon Valley risk management practice for seven years where she designed, developed and implemented hedge programs for multinational corporations to improve performance and accountability. Before that Helen spent eight years working for multinational corporations such as Measurex-Honeywell, Tandem Computers and NCR on foreign exchange risk management, global treasury and finance issues.

She earned a Bachelors Degree in Political Science (with Honors) from Arizona State University and a Masters of International Management from Thunderbird, the American Graduate School of International Management.
